Dear Dr. McAllister:

I am pleased to acknowledge and accept with thanks the 5 checks from The Council for Tobacco Research - U.S.A., Inc., each in the amount of $1,000, in support of the FASEB Summer Research Conferences on "Endothelium and Cardiovascular Function," July 28 - August 2, 1991; "Cytokines and Lipid Mediators as Regulators of Cell Function," August 11 - 16, 1991; "Protein Kinases," July 7 - 12, 1991; "Molecular Mechanisms of Carcinogenesis," July 21 - 26, 1991; and "Smooth Muscle," July 14 - 19, 1991. The Federation and the scientists who comprise it are appreciative of your interest in assisting us to improve scientific communication. The funds will be used by the chairpersons of the conferences, Dr. Paul Vanhoutte, Dr. Patrick Y-K Wong, Dr. Jackie Corbin, Dr. Michael Lieberman, and Dr. James Stull, respectively, to defray the travel and registration expenses for some of the speakers.

For purposes of acknowledgement, we are listing your contribution as being from The Council for Tobacco Research - U.S.A., Inc. If this is incorrect, please notify this office of the appropriate designation for the acknowledgement.

We extend an invitation to the scientists of your organization who are interested in attending any of the FASEB Summer Research Conferences. In 1990 there will again be eighteen conferences held under our auspices - ten in Saxtons River, Vermont, and eight at our second site in Copper Mountain, Colorado.

I have also enclosed for your interest a copy of the FASEB Public Affairs Newsletter. It is published monthly by our Office of Public Affairs to keep Federation members and other readers abreast of the latest developments in Congress and in Executive Branch agencies that may affect biomedical and biological research.

Please express to the appropriate officials my thanks and appreciation for your generous support of this conference.

Sincerely,

Marilyn Marsh
